Project “Renovation of Narva City Port buildings”

General aim of the project is to improve international competitiveness of Narva City and contribute to tourism development.

The direct purpose of the project is port buildings renovation in the Narva (Jõe Street 3, building No 12).

The project includes renovation of the Narva port building No 12, including roof restauration, exterior facade renovation and port building area redevelopment. Port building will include room for visitors (tourists), port administrator’s office, WC facilities and shower room.

As a result of the project, the quality of the services provided will be improved; the number of foreign visitors to the port and the average stay time in the port will increase.

The project is realized by Narva Port foundation in cooperation with the Narva Department for City Development and Economy.

The project is being realized with the EAS support - Developing a Network of Small Harbours Program

The total project budget is EUR 385 159,03. EAS co-financing is EUR 199 999,77.

Time-frame for implementation: 1.05.2018 – 31.05.2020
